February – July 2022: preliminary lab program

This is the preliminary lab program. The dates for session #1, #7, #9 and #11 are set. The other dates will be determined in the upcoming months. You will receive a final program in November 2021. Below you find the first descriptions of the sessions.

#	DATE	ACTIVITY	LOCATION
1	9 FEB 2022 13:30–17:00 CET + Drinks	KICK OFF MEETING We start with a plenary kick-off. After that it's time to get to know the other students, academic coordinator and commissioner(s) of your graduation lab. We will end with drinks.	On location (To Be Announced)
2	22-23-24 FEB 2022 15:00–17:00 CET	IN DEPTH LECTURE Each in-depth session consists of two parts. First, a lecture and discussion related to the interdisciplinary challenge of the lab. We invite guest speakers to share their insights, such as experts from the field or LDE-scientists. In the second part of the session, you can share experiences, data and tips with other students in a thesis group. *	On location (Commissioner)
3	8-9-10 MAR 2022 15:00–17:00 CET	IN DEPTH LECTURE	Online
